Bayside SDS provides a learning environment which places the student at the centre of the school. We believe in promoting the intellectual, emotional, physical and social development of each student. There is a strong focus in the school on supporting our students’ communication, encouraging their engagement and empowering them to successfully accommodate the transitions that life presents.

Bayside SDS has a reputation as a dynamic learning environment with outstanding opportunities for boys and girls from our Early Education Program to Year 12.

We are a values based school community. Small enough to know every child, but large enough to be able to offer a diverse range of stimulating opportunities and specialist programs.

The well maintained school campus with established native trees, sensory landscape and edible garden, is located in Moorabbin, a residential suburb of south-eastern Melbourne. This gives us easy access to local shops, public transport and a variety of shopping centres, leisure centres, light industrial factories, parklands, and beaches for our community referenced learning programs.

Bayside’s 14 teachers are comprehensively supported by 18 Education Support staff in the school’s 12 classrooms. Educational programs are supported by an Allied Health Team comprising Speech & Language Pathology, Physiotherapy, Occupational Therapy and a Sensory Therapist. Our current staffing profile includes a vast majority of experienced teachers and enough beginning teachers to provide a diverse range of backgrounds, interests and life experience.

The school is internationally recognised as Australia’s Centre of Excellence in Intensive Interaction and provides regular training events for teachers, education support staff, allied health professionals and parents throughout the year.

A strong partnership exists between the School Council, our highly professional staff and a dedicated core of supportive parents.

**Bayside’s Purpose**
- To achieve optimal educational and social outcomes for students with complex learning disabilities, within a caring, safe, harmonious, yet stimulating environment.
- To work in partnership with families to facilitate continuous development and enhancement to the quality of the lives of their children.
- To establish and extend links with local business and the general community to facilitate the inclusion of young people with disabilities.

**School Values**
A commitment to professional learning and reflective practices is fundamentally important to the delivery of best practice teaching in the classroom.

Bayside staff express their core values as:
- Community
- Teamwork
- Compassion
- Enthusiasm
- Respect

**Michael Pepprell**
Principal

ABSENCES
In the event of a student being absent, parents are requested to ring and leave a message at the office for the class teacher and contact Sandringham Coaches (9532 2717) or the buses directly on their mobile phones if school bus transport is used.

The relevant mobile phone numbers are distributed to families, along with the bus times, prior to the year commencing.

When medical, dental, or similar appointments are made in school hours, it is important that parents notify the school in advance by phone or note. As classes participate in many off-campus activities, prior warning can avoid frustrations and ensure that students are at the school ready for pick-up at the appointed time. The teachers need to know who is present at school at all times.

For absences, i.e. hospitalisation, family holidays, etc., a written statement is required for audit purposes.

CAMPS AND EXCURSIONS
EXCURSIONS
During the school year, students at Bayside Special Developmental School participate in a wide range of educational programs and activities that take them outside the school. Students are expected to participate in all scheduled school programs. Dispensation may be sought if you have a particular reason for your son or daughter to be excluded from any program.

School buses and public transport are used for the majority of these activities. Occasionally, if space on the buses is limited, teachers’ private vehicles are used. In this instance, you will be advised of the name of the proposed driver, and your permission sought prior to the event, for your child to be transported in this manner.

An Excursion Permission Form is sent home at the commencement of the year for parents/caregivers to sign. This covers all excursions of one day or less for the duration of the year. In addition, a specific form is sent home for any excursions with particular requirements, or for those excursions outside of our transport zone.

CAMPS
Some classes may participate in a camping program at some time during the year. Students have an opportunity to generalise the self help and social skills taught in the classroom. They also acquire first hand knowledge about the location that they are visiting. Most accommodation is bungalow or “bunk house” style.

Camps range from overnight stays to four nights. Average cost would range from $75 - $140 according to duration and location. Camps may be paid for in instalments and provision is made for families experiencing difficulties with payment. Please contact the Principal if this is the case.
COMMONWEALTH AND STATE GOVERNMENT PAYMENTS

To establish eligibility for Commonwealth Government Payments, please contact your nearest Centrelink to receive a “Guide to Commonwealth Government Payments”, which contains all the relevant details.

These payments include:

- Disability Support Pension - Aged over 16 with disability conditions
- Child Disability Allowance - Dependent children under 16, or full time students 16 – 21 with a disability.
- Youth Allowance - Full time Students aged 16 – 24 years.
- Carer Allowance / Carer Payment.
- Mobility Allowance – Aged over 16 years and undertaking Independent Living Skills training at the school.

Please Note: Organisation with Centrelink should begin 3 – 6 months before your child turns 16 to avoid a gap in benefits received.

Information on payment rates is also available on the Centrelink web site at: [www.centrelink.gov.au](http://www.centrelink.gov.au) or telephone the call centre on 13 2717 for inquiries.

COMPLAINTS PROCEDURES

A copy of the Bayside Special Developmental School Raising Concerns and Complaints Policy is available on request. The school expects a person raising a concern or complaint to:

- do so promptly, as soon as possible after the issue occurs;
- provide complete and factual information about the concern or complaint;
- maintain and respect the privacy and confidentiality of all parties;
- acknowledge that a common goal is to achieve an outcome acceptable to all parties;
- act in good faith, and in a calm and courteous manner;
- show respect and understanding of each other’s point of view and value difference, rather than judge and blame;
- recognise that all parties have rights and responsibilities which must be balanced.

The school will address any concerns and complaints received from parents:

- Courteously;
- Efficiently;
- Fairly;
- Promptly, or within the timeline agreed with the person with the concern or complaint;
- In accordance with due process, principles of natural justice and the Department’s regulatory framework.
COURT ORDERS
It is your responsibility to provide a copy to the school of the most recent court orders pertaining to your child. This includes both state and federal magistrate’s court. Whilst the school will make every effort to comply with these orders, parents are reminded that only the appropriate statutory authority can enforce them. Legal disputes pertaining to your child should not be played out at school, and parents are expected to abide by any court orders at all times.

CUSTOMARY ANNUAL EVENTS
Parent Information Evenings
Combined Sports day with Yarrabah SDS
Working Bees
School Photos
Footy Day
Crazy Hair/Hat Day
Combined Special Schools’ Music Festival
Education Week
Literacy Week
School Open Days
Graduation (for students completing their final year of formal schooling)
Christmas Concert
Fundraising Events
Transition Sessions (for the following year’s classes)

DENTIST
The School Dental Service continues to visit Bayside. This excellent service may be provided to all students at the school upon referral. Contact the Assistant Principal to make a referral to see the dentist.

HOME / SCHOOL COMMUNICATION
Communication books are used for day to day contact between parents / caregivers and the teaching staff. This mode of communication helps you to become familiar with the activities your child has enjoyed at school and also provides you with the opportunity to share your experiences with us. Please check your child’s bag daily for the communication book and any other notices contained therein. Parents are encouraged to make regular entries in the book to communicate any relevant information to the classroom staff or to respond to queries or messages from the school. Staff appreciate regular feedback from parents. Members of staff are instructed not to use text messaging or email to communicate, to ensure that transparency and privacy are maintained.

It is often difficult or inopportune for staff to receive telephone calls during school hours, so please use the communication book as the primary means of day-to-day contact.

The ‘Bayside Bulletin’, our newsletter, is distributed fortnightly and provides an insight into class activities, school events, and information about programs of interest for parents and caregivers.

COMMUNICABLE DISEASES

Minimum Period of Exclusion from Primary Schools and Children's Services Centres for Infectious Diseases Cases and Contacts

Public Health and Wellbeing Regulations 2009 — Schedule 7

In this Schedule, medical certificate means a certificate of a registered medical practitioner.

A person in charge of a primary school or children's services centre must not allow a child to attend the primary school or children's services centre for the period or in the circumstances:

- specified in column 2 of the Table in Schedule 7 if the person in charge has been informed that the child is infected with an infectious disease listed in column 1 of the Table in Schedule 7; or
- specified in column 3 of the Table in Schedule 7 if the person in charge has been informed that the child has been in contact with a person who is infected with an infectious disease listed in column 1 of the Table in Schedule 7.

The person in charge of a primary school or children's services centre, when directed to do so by the Secretary, must ensure that a child enrolled at the primary school or children's services centre who is not immunised against a vaccine preventable disease (VPD) specified by the Secretary in that direction, does not attend the school or centre until the Secretary directs that such attendance can be resumed. (Note VPDs are marked in the table with an asterisk (*). Contact the Department on 1300 651 160 for further advice about exclusion and these diseases.)

</tbody>
</table>

IMMUNISATIONS
The Health Act now requires all children starting school in Prep grade to have an immunisation certificate, a copy of which is kept at the school. All students up to the age of 11 years should now have this certificate on file. The certificate shows that your child has been vaccinated against measles, mumps, diphtheria, polio and tetanus or the reasons why this has not occurred. Immunisation itself is not compulsory.

In the event of an outbreak of measles or diphtheria, the unimmunised child will be excluded from school. In the case of diphtheria, the unimmunised children will be checked by the Council's Medical Officer before a return to school is permitted. Certificates are obtained from your local Council.

Each year Council medical officers visit the school to vaccinate older students. Cards are distributed to families some weeks prior to this visit.
INDEMNITY FORMS
Parents are asked to complete an Indemnity Form each year. Apart from providing crucial information that can be accessed in an emergency, parent permission is provided for a wide range of purposes. For example, swimming, excursions, dental visits, etc. Your co-operation in maintaining accurate records is invaluable. An asthma and/or epilepsy management plan is to be completed annually if your child has these medical conditions.

Should your child become unwell or injured at school, the parents (or nominated emergency contacts) will be contacted. Please ensure that the information provided is current and notify the school immediately if these contact names or telephone numbers change.

LUNCHES
Packed lunches from home
In the interests of students’ health, we encourage parents who provide lunches from home to ensure a healthy lunch is packed. Fresh water is available throughout the day, however if an extra drink is packed with the lunch parents are advised that soft drinks are not acceptable except on designated party days. All rooms have access to a microwave oven and refrigerator.

You will be notified by your class teacher if a classmate has an allergy which will impact upon your child’s lunch content.

MEDICAL CONDITIONS
If your child has a medical condition you need to inform the school’s principal and your child’s teacher. In particular, the school needs to know if your child has any serious medical conditions like epilepsy, haemophilia, asthma, diabetes or severe allergic reactions.

It is important to keep information about your child’s medical conditions up-to-date. If there is a change in your child’s care plan or medication, you should contact the school either by phone or in person.

All children with a medical condition or illness will have a health support plan developed in conjunction with the school, your child’s doctor and you. This plan will be attached to your child’s school records.

You will also need to provide this information again when your child attends school excursions or camps.

It is also a good idea to consider having your child wear a medical alert bracelet as these provide essential information in times of emergency.
MEDICATION & STUDENT HEALTH (General)

Parents are requested to give accurate, up to date details of any medication or allergies. Management Plans updated annually and endorsed by your GP are required for students that require medication for asthma, anaphylaxis and epilepsy. Each year a request is made and this important information is kept on file for reference when required. It is vital that parents notify the school immediately if medication is changed.

In order to minimise risks to students from their own illness or injury and to prevent the spread of infection within the school, parents are requested to keep students who are obviously unwell at home.

It is school policy that parents or emergency contacts will be contacted and asked to collect students who arrive at school unwell, who develop an illness whilst at school or who may return to school prior to complete recovery.

MEDICATION (Administered at School)

DEECD guidelines for the administration of medication require that:
If a child needs to be given medication during the school day, we require a box or bottle that has a pharmacy label for your child and a letter from your child’s doctor, giving approval for administration. (This includes Paracetamol). This letter will need to discuss the circumstances when medication should be given and the recommended dose.

As always, the school will call you if we believe your child is unwell and may require treatment or medication that is outside of what they receive regularly.

Please contact the school if you require any clarification.

If your child requires emergency medication, parents must ensure that this is provided and replaced as required.
PARENT CONTRIBUTIONS - MATERIALS AND SERVICES
Department of Education and Early Childhood Development (DEECD) covers most of the costs of providing an education for your child. This includes staff salaries, teaching materials and equipment, student support services, facilities, utilities, furniture and equipment, buildings and grounds maintenance, security and transport to and from community based activities.

The School Council relies on the continued generosity of our parents to provide additional funds which enhance the programs and quality of experiences for our students.

School Materials Charges
Parents are asked to contribute to additional materials and services that are provided to enrich the classroom programs. These contributions cover such programs as homecrafts activities, public transport programs, and excursions. A contribution towards fuel and upkeep of the school buses is also included.

An account will be sent to parents at the beginning of each year, detailing the programs or events planned. Charges are kept to a minimum.

Voluntary Contributions/Donations
Each year, the School Council invites voluntary contributions/donations from parents. These contributions go towards the following areas, designated by the Department and ARE TAX DEDUCTIBLE:

- Building and grounds beautification;
- Extra equipment;
- Additional ICT equipment and associated applications;
- General donations to the school;

The school is endorsed as a deductible gift recipient, and as such, any donations to the school are tax deductible.

The School Council trusts that all parents will support the school’s endeavours to provide quality educational and support programs for all students. The excellent response of parents in the past has assisted in building up many of the resources that benefit your child today.

Payment Options – Classroom Fees / Voluntary Contribution:
To assist families in meeting their commitment for Classroom Fees and Voluntary Contribution for 2015 we offer a flexible payment plan. You can choose to make payment via Cash, Cheque, EFT, Credit Card or an automatic Direct Debit of Credit Card – Monthly, Quarterly, Half Yearly or Annually. All of these options are outlined in full on the statement distributed each year to families.

Payment Difficulties:
If a family is experiencing financial hardship in making school contributions, please contact the School Principal or Business Manager to discuss alternative arrangements in confidence.

PARENT PARTICIPATION
Members of the school community are encouraged to attend activities organised by the school. Information sessions are held throughout the year to expand parents' knowledge and understanding of the curriculum and specialist programs here at Bayside. Representatives from a range of community-based and government auspiced organisations are invited to increase parents' awareness of the services and facilities available to students and their families. Social occasions are held to promote opportunities for families to get to know each other in a relaxed and informal atmosphere, including coffee mornings and parent dinners. The 'Bayside Bulletin' will keep you informed about forthcoming events. In addition, parent support may be requested for specific activities, such as excursions and swimming.

PERSONAL PROPERTY
Parent and Carers are urged to label clothing, lunch boxes, dosette boxes, etc with permanent nametags. Lost or mislaid articles may be collected from the office.

PUPIL-FREE DAYS
During the year, four (4) days are set aside for teacher professional development. These days are approved by the DEECD and ratified by School Council. On such days, students do not attend. The four pupil-free days for 2015 are as follows:

- Wednesday 28th January 2015
- Friday 6th March 2015
- Monday 3rd August 2015
- Friday 27th November 2015
REPORTING TO PARENTS
The effective reporting of student and school achievements involves the development of a partnership between parents/caregivers and the school staff. Through the Student Support Group process individual priority goals are set which meet the needs of students and which can be followed through at home. Progress on this Individual Learning Plan or Program (ILP) is reported on in June and December.

The review of student progress is conducted in accordance with the Program for Students with Disabilities through program support group meetings organised at least twice during the school year, and at other relevant times.

Additional ascertainment of progress includes:
- Regular evaluation of all school programs
- Teachers records of student progress
- Informal information exchange

A WRITTEN REPORT ON SCHOOL PROGRESS / ACHIEVEMENT IS FORWARDED TO PARENTS AND/OR CAREGIVERS IN BOTH JUNE AND DECEMBER EACH YEAR

RESOURCES
Parents are encouraged to send a named USB to school when they wish to obtain a copy of resources to be used at home.

SCHOOL BUSES
The school owns three Toyota HiAce commuter buses, one of which is fitted with a hydraulic lift. These buses provide access to the wide range of off-campus activities that are integral to the teaching and learning programs at Bayside. Parents, through the subject and services contribution, assist in the upkeep and operation of these buses.

SCHOOL COUNCIL
All Government schools in Victoria are governed by a School Council. They are legally formed bodies that are given powers to set the key directions of a school. A School Council has responsibilities for developing such things as:

- The School Strategic Plan, that outlines what the school is striving to achieve in the longer term – outlines the school’s purpose, values and desired student outcomes, expressed through goals and targets, and summarises the three to five key improvement strategies required to achieve them.
- Annual Implementation Plans that describe how the key improvement strategies in the school strategic plan will be put into operation in each of the four years.
- The school’s budget which shares out the available resources to ensure that the Strategic Plan is carried out.
- The general educational policy of the school.
- The school’s buildings and grounds.
- The student code of conduct which provides a safe and orderly context for learning.
• An Annual Report on the school’s achievements.

The Bayside Special Developmental School Council (total 9 members) consists of:

• Five parent representatives
• Three staff representatives (including the Principal)
• One community representative.

Each councillor serves for a term of two years, except the Principal who has an on-going position. Half the membership is elected or co-opted each year and this creates vacancies for the annual School Council election.

SCHOOL HOURS
Members of staff are permitted a 15 minute morning tea break, and a 30 minute lunch break. During these times the students often will have a supervised recess.

On the last day of terms 1, 2 & 3, students are dismissed one hour earlier. Students are dismissed on the last day of term 4 at 1:00pm.

SCHOOL TRANSPORT
Transport to and from Bayside is provided by DEECD. Sandringham Coaches is the bus company that is contracted to provide this service. With its four buses, the bus company makes every effort to meet the time schedules of students and parents. Bus travel to respite homes can only be provided to those homes that are within our designated transport zone (see map) and only when there is an available space on this bus service. Students must be supervised at both the collection and drop off times by an adult or responsible person. Buses are equipped with two-way radios to enable contact in the event of an emergency. Parents should ring Sandringham Coaches (9532 2717) to advise of any absence. Each bus has a mobile telephone and this number is provided for your use in the event of an absence or emergency. The transport is a service and as such has commitments to the runs set at the beginning of the year. Parents are reminded that timing of pick up and drop off are not able to be changed.

SCHOOL UNIFORM
The school uniform is attractive, practical, and economical. Although it is not compulsory, your School Council strongly recommends that it be worn each day to foster a sense of school identity and unity, and to develop pride in personal appearance. In the school colours of navy and jade, the following items can be purchased - track pants, windcheaters, polo shirts, rugby shorts, bomber jackets and polar fleece vests. The school’s ‘dolphin’ logo can be attached to these items. For a uniform Order Form, please contact the Office.
STUDENT ENGAGEMENT POLICY & PROMOTING POSITIVE BEHAVIOURS POLICY
These exist to provide students, staff and others with a safe and secure environment by promoting positive behaviours and respect of individual rights.

They are based upon the following principles:
• Students have the right to work in a pleasant, safe, hygienic environment with appropriate equipment.
• Students have the right to be treated with respect and with consideration of their individual needs, background and personality.
• Students have the obligation to respect school property and the property of others and also take sensible precautions with their own belongings.
• Students will be encouraged to be responsible for their own behaviour within the school and wider community.

STUDENT INSURANCE
Parents and guardians are responsible for paying the cost of medical treatment for injured students, including any transport costs. Most medical costs will be refundable by Medicare. If you are a member of an ambulance or health insurance fund, you may also be able to claim transport or other expenses from the fund.

Bayside SDS and the Department of Education and Early Childhood Development do not hold accident insurance for school students.

The Department cannot advise parents/guardians on whether to purchase a student accident policy, or which policy to purchase. It is recommended that you seek assistance on this matter with your insurance broker, or find a suitable personal accident insurer in the Yellow Pages or online.

STUDENT SERVICES
Bayside Special Developmental School has limited access to a Psychologist and Speech Pathologist through the Kingston Network of Schools, based on availability. Students with additional needs may be referred to these Student Support Services Officers. Access to DEECD social workers is available upon request.

Paraprofessional Services are available at school in the forms of Physiotherapy, Speech Pathology, Sensory Therapy and Occupational Therapy. Parents may seek additional information from these Paraprofessionals by making a mutually convenient time to meet. In addition, the school buys in extra Psychology time to support funding applications and severe behaviour management.
STUDENT SUPPORT GROUP (SSG) MEETINGS
The school conducts regular Student Support Group meetings to prioritise goals and gather information to complement, the child’s learning. SSG meetings can be held as face-to-face meetings or via telephone.

Mandatory SSG meetings will be scheduled for the first week in March, the last week in Term 2 and the last week in December - where possible classroom Teachers will be released from class duties for a day during these weeks to conduct these meetings, unless the meetings coincide with a pupil free day.

The school will provide Individual Learning Plans (ILP) using a standardised school format for all school aged students. Learning foci areas will be finalised from discussions and consensus during the Student Support Group (SSG) meeting with guiding consideration given to the student context as well as their strengths, interests and needs in addition to parent priorities. Communication is a mandatory area for all school aged students in addition to a transition learning focus for all students in the senior school. Learning foci mostly will be derived from the Bayside SDS curriculum (Dandenong Valley SDS curriculum) and the Bayside SDS senior curriculum, and will be formulated using information from previous student reports, informal and formalised assessment results, information arising from transition documents and previous Individual Learning Plans (ILP) if applicable.

Students participating in the Intensive Interaction approach will have a separate pro forma

SUNSMART POLICY
In sunny weather, and in particular during the summer months, the school encourages the use of SPF30 cream, and the wearing of a suitable hat to shade the skin adequately. Please remember that sunscreens are best applied as part of the early morning dressing routines. Class teachers are happy to supervise further applications before the luncheon recess on request.

Students are encouraged to wear hats at all times during terms 1 and 4. Please send students to school with an appropriate, named hat and labelled sunscreen during this period.
